

Logan Square Parkway - Neighborhood Plan

Philadelphia, PA

CLIENT:

Logan Square Neighborhood Association

KSK was hired for professional planning and design services by the Logan Square Neighborhood Association and the Philadelphia City Planning Commission to complete a neighborhood master plan. With its healthy mix of uses and attractions, the Logan Square-Parkway neighborhood is a vital piece of Philadelphia’s Center City. One of the keys to Center City’s success is its considerable downtown population, to which the Logan Square-Parkway neighborhood contributes over 9,000 residents. The Logan Square-Parkway Neighborhood Plan articulates a shared vision for the Logan Square neighborhood, including the Benjamin Franklin Parkway. The plan is unique in the way it has brought together the numerous and varied constituencies that comprise the Logan Square-Parkway community.
