

Boca Raton Historic Survey and Design Guidelines

Boca Raton, FL

CLIENT:
City of Boca Raton

KSK conducted a survey of approximately 300 historic resources within five study areas for the city of Boca Raton. Two neighborhoods, Old Floresta and Pearl City, were determined eligible as local historic districts. KSK created individual Design Guidelines for these historic districts and a Certificate of Appropriateness Brochure to assist and guide homeowners and developers through the Historic Preservation Board review process. KSK also identified a significant collection of Addison Mizner-designed cottages eligible for the National Register; prepared Florida Master Site File forms and an intensive level survey report; conducted an in-depth public involvement techniques; and provided recommendations for updating the existing City preservation ordinance with regard to archaeological resources.
