

National Register Nominations

Mid-Atlantic Region

CLIENT:
Various

The preparation of National Register nominations brings together several of KSK strengths: field survey and documentation, historical research, thoughtful analysis, and effective writing. KSK has completed successful nominations ranging from the evaluation of single resources, to building complexes, to historic districts with hundreds of properties. Having worked throughout the Mid-Atlantic region and beyond, KSK is familiar with the unique application requirements of several State Historic Preservation Offices. Our team of historians and historic preservation planners far exceed the Secretary of the Interior’s Professional Qualifications Standards in History and Architectural History.

Thomas Maddock’s Sons Pottery (American Standard)

Collingswood Historic District

Jacob’s Chapel

Center City West Historic District

Chester Waterside Station (now ‘Rivertown’)
